

Within the framework of the Chateau Formula, our work consists in creating a harmonious, unique and captivating space. It is aimed at enthusiasts of decoration and design. The service includes the follow-up of the works, but also and above all a custom-made creation of the floors, furniture elements, tables, shelves, light fixtures, tapestries etc... made by specialized craftsmen from raw materials or salvage elements. The Chateau formula also includes the search for objects and antique or contemporary furniture in accordance with the project we design.

Our service consists of five phases:

- **Preparation:** study of your request and realization of estimate of the works
- **Confirmation of the order:** detailed study and realization of decoration plans
- **Design:** final choice of the project (after 2 interviews maximum)
- **Implementation:** start of the work, follow-up of the good progress, reception of the building site.
- **Furniture:** choice and installation of furniture and accessories

The service includes:

- **Space planning and decoration plan**
- **Choice of materials, tiles, earthenware, paintings, furniture, accessories etc....**
- **Supervision and negotiation of quotations with building professionals**
- **Planning and daily follow-up of the work**
- **Transport and installation of furniture**
